OBJECTIVE

A dedicated and passionate MERN Stack Developer with 3.5 months of hands-on internship experience. Proficient in building responsive, scalable web applications. Seeking to leverage my expertise in JavaScript, React, Node.js, Express, and MongoDB in a dynamic development team. Enthusiastic about continuous learning and delivering high-quality code for innovative solutions.

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern

Company Name - THE SOFTWARE SOLUTION BHOPAL

[27/05/2024] - [15/09/2024]

- Developed and maintained full-stack web applications using the MERN stack (MongoDB, Express, React, Node.js).
- Collaborated with senior developers to design and implement RESTful APIs, ensuring high performance and scalability.
- Utilized React.js for building user-friendly interfaces and dynamic web components.
- Managed MongoDB databases, performed CRUD operations, and optimized queries for better performance.
- Integrated third-party APIs and handled state management using React hooks and context API.
- Gained practical experience in debugging, testing, and deploying applications to production environments.
- Participated in daily standups, code reviews, and project planning sessions.

TECHNICAL SKILLS

- **Frontend:** React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, Mongoose
- **Version Control:** Git, GitHub
- **Tools:** Visual Studio Code, Postman
- **Other Skills:** Problem-solving, Agile Methodologies, Debugging, Unit Testing.

PROJECT

CURRENCY CONVERTOR

CURRENCY CONVERTOR :- Currency converter mini project is built keeping this thing in mind. It is simply a calculator-like web developed using HTML, CSS, JavaScript. In this application, there is regular update about currency of every country by which it displays present currency market value and conversion rate.
